

## HEAVY SCHEDULE FOR A. & M. TEAM

First Track Meet Will Be With  
Wake Forest on Easter

**Monday Morning.**  
West Raleigh, N. C. March 12.—  
The Agricultural and Mechanical track  
team for the past two weeks has been  
getting in some hard work in pre-  
paration of the schedule of meets which  
are to be held this spring, which is  
heavier than usual. The first meet  
will be held Easter Monday morning,  
March 21, with Wake Forest, the meet  
with Trinity, which was pending for  
March 15, having been called off. The  
Tenn. team will be in the race.

friends were those two or three good men who were on the team last year. Robertson and Sullivan in the sprints and Melver in the quarter and half-mile but there is a large number of new material out, and a number of the men are fast, and the prospects are good for a team that will probably be a little better than that of last year. From the present indications the strongest points this year will be in the longer distances and in the weights. P. C. Smith, one of the best long distance runners in the State, is back, and also Klond and Hurst, who had

records in the shot-put and the hammer throw respectively. Floyd also holds the State record for the discus throw of 117 feet.

Although the track team is handicapped this year by not having a coach, Captain Floyd, assisted by F. C. Smith, is working the men hard, and the prospects are good, although to present the weak points will probably be in the hurdles and pole vault. The men who are showing up best at the various events are Smith and Harrison for the two-mile; Roberts, Ritchie and Nash for the mile; Willcox, Perry, Ray

Abernathy and Boardwalk in the half mile. Blanton, Jeanette, Howell and Williams in the quarter. Hall, Blanton, T. W. Nichols, Potter and Houck in the 220 and 330 yards; Houck and B. Nichols in the hurdles; Hurt, Goodman, Houck and Bayne in the jumps; Hurt, Eldridge and Williams in the pole vault, and Floyd, Hurt, McHenry and Cooke in the weights.

Last Saturday afternoon was field day, and a large number of new recruits were out, many of them showing up

well, indicating that there will be some good material to represent the South and White in the field this year.

**Favors Ten-Round Bout.**

Boston, March 12.—The legislative committee on Education and Labor today reported favorably the measure, introduced by William Shaw McCaullum, for the legalizing of ten-round bouts, and the appointment of an athletic commission that shall have entire supervision of all boxing in this State.

The measure is patterned along the Frayley bill in New York. It will come up first in the Senate this week.

AWAITING FALL  
OF ADRIANOPE

### Beleaguered City Expected to Be in Hands of Allies in Short Time.

London, March 12.—News from Adrianople, the invested Turkish fortress, is meagre, but dispatches from the front indicate that the city will fall into the hands of the allies in a short time.

Constantinople say it is believed there that the end of the present week will see either the capitulation of the fortress or a desperate attempt by Shukr Pasha to break through the lines of the enemy.

The allies' reply to the powers regarding mediation again is delayed and will not be delivered before Friday and there is little doubt that before European diplomacy can get to work on the problem Adrianople will be in possession of the allies.

The Turks, while seemingly preparing for another revolution, are utilizing their fleet in an attempt to prevent the Serbian army from assisting

the Montenegrins in their attack on Scutari. The Turkish cruiser Hamidieh to-day bombarded Durazzo and San Giovanni di Medua, and probably is watching for the Greek transports.

It is reported that the entire Turkish fleet of eighteen units has been repaired and is concentrated at Naghara, in the Dardanelles.

**Fighting at Bulair.**—Constantinople, March 12.—Serious fighting has been in progress along the Bulair front since yesterday. The Turkish fleet is co-operating with the army.

**BENEFITED BY CHANGES  
IN COURSE OF STUDY**

[Special to The Times-Dispatch.]

Washington, March 12.—That the revised Naval Academy curriculum has resulted in benefit to that institution is shown in a statement issued by the Navy Department to-day. Four per cent less of the entering class of midshipmen were dropped this year than during the same time last year. Un-

der the present curriculum, an examination, which formerly counted for one-fourth, now counts for one-sixth of the total mark. The department expressed satisfaction at the increased number of midshipmen who have benefited by the change in the course of study.

**She Wants to Be Paid.**  
[Special to The Times-Dispatch.]  
New York, March 12.—Mrs. Val Volkenburg has filed an itemized bill in her suit to recover \$100,000 from her husband for expenses during two years.

The items include \$9,000 for hats and gloves, \$32,000 for European trips, \$12,000 for apartments at the St. Regis, \$10,000 for entertaining and restaurant

Mrs. Van Volkenburg states that her husband "knew the style of living to which she was accustomed before he married her."

## SOUTHSIDE GETS PATROL

Police Commissioners Order Horse Wagon  
for South Richmond.

Beginning April 1 the horse patrol wagon which did duty in the First Police District until the automobile was installed will be placed in service in the Third District, South Richmond. This was determined upon last night at a meeting of the Board of Police Commissioners.

At his request Policeman J. V. Ryan was relieved of mounted duty and was designated

Although the board was in session but a short while, considerable routine work was disposed of.

Kansas City, March 12.—All the evidence in the Hyde murder trial had been submitted at the conclusion of to-day's session at the court. Judge Porterfield announced he would deliver his instructions to the jury to-morrow morning, and that arguments would be heard then.

Council would then be heard.
